

AGREEMENT TO PROVIDE HVAC PREVENTATIVE MAINTENANCE AND UNIT REPLACEMENT SERVICES AT VARIOUS MUNICIPAL FACILITIES

THIS AGREEMENT made and entered into this 5 day of June, 2012, by and between:

CITY OF CORAL SPRINGS, FLORIDA
a municipal corporation
9551 West Sample Road
Coral Springs, Florida 33065
(hereinafter referred to as "Customer or CITY")

and

SIEMENS INDUSTRY, INC.
a Delaware corporation
1000 Deerfield Parkway
Buffalo Grove, Illinois 60089
(hereinafter referred to as "Siemens")

WHEREAS, on February 28, 2012, the CITY issued a Request for Proposal (RFP 12-C-068) for HVAC Preventative Maintenance and Unit Replacement Services at Various Municipal Facilities; and

WHEREAS, the CITY established a selection committee to review and interview the proposers for the RFP; and

WHEREAS, it is the recommendation of the selection committee that Siemens Industry, Inc. be retained for said services; and

WHEREAS, the City Commission concurs with the recommendation of the selection committee; and

WHEREAS, CONTRACTOR wishes to accept appointment by the CITY to provide HVAC Preventative Maintenance and Unit Replacement Services at Various Municipal Facilities;

NOW THEREFORE, the parties hereto do mutually agree as follows:

Section 1. TERM:

This Agreement shall be effective upon the approval of the City Commission; however, the parties acknowledge that the maintenance services to be provided under this Agreement commence at 12:01 am on Sunday, July 1, 2012 and shall terminate on June 30, 2014. The parties acknowledge that the City has the option to renew this Agreement for two (2) additional two (2) year terms under the same terms and conditions.

Section 2. COMPENSATION AND METHOD OF PAYMENT:

- 2.01 The pricing shall be as indicated in Exhibit "A", attached hereto and incorporated herein, and is based on monthly maintenance costs and the Preventative Maintenance Task List, unless otherwise provided. In addition, Siemens has provided their Building Technologies -South Florida labor and material rates. The rate sheet is subject to change no more than once per year. However, it is not subject to change prior to June 30, 2013, the end of the first year of the initial term of the contract. CONTRACTOR acknowledges that it intends to perform four maintenance visits per site per year, except for Mullins Gym. During each visit CONTRACTOR shall perform a quarterly inspection and during one of the visits will perform the annual preventative maintenance.
- 2.02 Siemens shall submit invoices to CITY by the 1st of the preceding month before the completion of the quarterly maintenance, as may be required by CITY, pursuant to this Agreement. All invoices shall be submitted to Department of Public Works, City of Coral Springs, 9551 West Sample Road, Coral Springs, Florida 33065 Attn: Director of Public Works. Payments shall be submitted to Siemens within thirty (30) calendar days of receipt and approval of the invoice.

Section 3. EQUIPMENT COVERED UNDER THIS AGREEMENT:

- 3.01 The parties acknowledge that as of July 1, 2012, the equipment inventory to be covered by this Agreement is attached hereto as Exhibit "B". The parties acknowledge that from time to time the inventory will change and Siemens is required to maintain an accurate listing of the inventory. Siemens shall conduct an inventory within thirty (30) days of the effective date of this Agreement to verify that Exhibit "B" is accurate and up-to-date. Should there be discrepancies, the updated inventory shall be attached hereto and incorporated into this Agreement as an "Amendment 1 to Exhibit B". The parties acknowledge that there may be additional amendments to Exhibit B. The Purchasing Administrator is authorized to approve any subsequent amendments to Exhibit B. In addition, Siemens shall include as part of the inventory the location of all surge protection devices.
- 3.02 Siemens acknowledges that it shall respond to all emergency calls within one hour and all calls related to routine maintenance within four hours.

Section 4. CITY'S RESPONSIBILITIES:

- 4.01 CITY agrees to cooperate fully with Siemens. Siemens shall not be held liable for any failure to comply with the timing requirements as specified in this Agreement if the delay was caused by failure of CITY to meet its obligations under this agreement.

- 4.02 CITY staff shall assist CONTRACTOR as required to ensure that all equipment is located in areas as designated by CITY.

Section 5. INSURANCE

- 5.01 Prior to Award and in any event prior to commencing work, the CONTRACTOR shall provide CITY with copies of all insurance certificates providing coverage as required by these Special Conditions.

- (a) Worker's Compensation and Employer's Liability Insurance for all employees of the CONTRACTOR engaged in work under the Contract in accordance with the laws of the State of Florida. The CONTRACTOR shall agree to be responsible for the employment, control and conduct of its employees and for any injury sustained by such employees in the course of their employment.

- (b) Comprehensive General Liability Insurance with the following minimum limits of liability:

\$ 1,000,000 Combined Single Limit, Bodily
Injury and Property Damage
Liability per occurrence

Coverage shall specifically include the following minimum limits not less than those required for Bodily Injury Liability and Property Damage:

\$ 1,000,000 Combined Single Limit, Bodily
Injury and Property Damage
Liability per occurrence

- (1) Premises and Operations;
- (2) Independent Contractors;
- (3) Products and Completed Operations;
- (4) Broad Form Property Damage;
- (5) Broad Form Contractual Coverage applicable to the Contract and specifically confirming the indemnification and hold harmless agreement in the Contract;
- (6) Personal Injury Coverage with employment and contractual exclusions removed and deleted.

- (c) Comprehensive Automobile Liability Insurance for all owned, non-owned and hired automobiles and other vehicles used by Successful Offeror in the performance of the work with the following minimum limits of liability:

\$ 500,000 Combined Single Limit, Bodily
Injury and Property Damage
Liability per occurrence

- 5.02 ALL LIABILITY INSURANCE POLICIES SHALL SPECIFICALLY PROVIDE THAT THE CITY OF CORAL SPRINGS IS AN ADDITIONAL NAMED INSURED OR ADDITIONAL INSURED WITH RESPECT TO THE REQUIRED COVERAGES AND THE OPERATIONS OF THE CONTRACTOR UNDER THE CONTRACT. INSURANCE Companies selected must be acceptable to CITY. All of the policies of insurance so required to be purchased and maintained shall contain a provision or endorsement that the coverage afforded shall not be canceled, materially changed or renewal refused until at least thirty (30) calendar days written notice has been given to CITY by certified or overnight mail.
- 5.03 The required insurance coverage shall be issued by an insurance company duly authorized and licensed to do business in the State of Florida with the following minimum qualifications in accordance with the latest edition of A.M. Best's Insurance Guide:
- Financial Stability B+ to A+
- 5.04 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against CITY with the express intention of the parties being that the required insurance coverages protect both parties as the primary coverages for any and all losses covered by the above described insurance.
- 5.05 The CONTRACTOR shall ensure that any company issuing insurance to cover the requirements contained in this Contract agrees that they shall have no recourse against CITY for payment or assessments in any form on any policy of insurance.
- 5.06 The clauses "Other Insurance Provisions" and "Insured Duties in the Event of an Occurrence, Claim or Suit" as it appears in any policy of insurance in which CITY is named as an additional named insured shall not apply to CITY. CITY shall provide written notice of occurrence within fifteen (15) working days of CITY'S actual notice of such an event.
- 5.07 The CONTRATOR shall not commence work under the Contract until after he has obtained all of the minimum insurance herein described.
- 5.08 The CONTRACTOR agrees to perform the work under the Contract as an independent contractor, and not as a subcontractor, agent or employee of CITY.
- 5.09 Violation of the terms of this Section and its sub-parts shall constitute a breach of the Contract and CITY, at its sole discretion, may cancel the Contract and all rights, title and interest of the CONTRACTOR shall thereupon cease and terminate.

Section 6. INDEMNIFICATION

- 6.01 **GENERAL INDEMNIFICATION:** To the fullest extent permitted by laws and regulations, the CONTRACTOR shall indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, harmless from any and all claims, damages, losses, liabilities and expenses, direct, indirect or consequential arising out of or alleged to have arisen out of or in consequence of the services furnished by or operations of the CONTRACTOR or his subcontractors, agents, officers, employees or independent contractors pursuant to the Agreement, specifically including but not limited to those caused by or arising out of any act, omission, negligence or default of the CONTRACTOR and/or his subcontractors, agents, servants or employees in the provision of the services under the Agreement.
- 6.02 **PATENT AND COPYRIGHT INDEMNIFICATION:** The CONTRACTOR agrees to indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, from all claims, damages, losses, liabilities and expenses arising out of any alleged infringement of copyrights, patent rights and/or the unauthorized or unlicensed use of any material, property or other work in connection with the performance of the Agreement. CONTRACTOR shall have no liability to CITY for any infringement action that is based upon or arises out of the use of goods and services or any component thereof in combination with any other system, equipment or software that is: (1) not otherwise supplied by CONTRACTOR; or (2) inconsistent with the intended use of the goods and services or any component thereof.
- 6.03 The CONTRACTOR shall pay all claims, losses, liens, settlements or judgments of any nature whatsoever in connection with the foregoing indemnifications including, but not limited to, reasonable attorney's fees (including appellate attorney's fees) and costs.
- 6.04 CITY reserves the right to select its own legal counsel to conduct any defense in any such proceeding and all costs and fees associated therewith shall be the responsibility of CONTRACTOR under the indemnification agreement. Nothing contained herein is intended nor shall it be construed to waive CITY's rights and immunities under the common law or Florida Statute 768.28 as amended from time to time.

Section 7. RISK OF LOSS

- 7.01 The risk of loss, injury or destruction, regardless of the cause of the casualty, shall be carried by CONTRACTOR until the delivery of the equipment to CITY's premises, and inspection and acceptance of the equipment by CITY. Title to equipment shall pass to CITY upon acceptance by CITY.

Section 8. WARRANTIES

- 8.01 **Warranty of Merchantability:** CONTRACTOR warrants that all equipment and materials to be supplied pursuant to the Agreement will be merchantable, of good quality and free from defects, whether patent or latent in material or workmanship.
- 8.02 **Warranty of Material and Workmanship:** CONTRACTOR warrants all material and workmanship for a minimum of one (1) year after the earlier of substantial completion of the work or first beneficial operation or use and acceptance by CITY. If within one (1) year after acceptance by CITY, or within such larger period of time as may be prescribed by law any of the work is found to be defective or not in accordance with the Contract documents, CONTRACTOR shall promptly after receipt of a written notice from CITY to do so, promptly correct the work unless CITY has previously given CONTRACTOR a written acceptance of such condition. This obligation shall survive termination of the Contract.
- 8.03 **Warranty of Title:** CONTRACTOR warrants that all parts delivered under the contract shall be of new manufacture and that CONTRACTOR possesses good and clear title to said parts and there are no pending liens, claims or encumbrances whatsoever against said parts.
- 8.04 CONTRACTOR warrants that there has been no violation of copyrights, patent rights or licensing agreements in connection with the work of the contract.
- 8.05 CONTRACTOR warrants to CITY that the consummation of the work provided for in the Contract documents will not result in the breach of any term or provision of, or constitute a default under any indenture, mortgage, contract, or agreement to which CONTRACTOR is a party.
- 8.06 CONTRACTOR warrants to CITY that it is not insolvent, it is not in bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Contract.
- 8.07 CONTRACTOR warrants to CITY that it will comply with all applicable federal, state and local laws, regulations and orders in carrying out its obligations under the Contract.
- 8.08 All warranties made by CONTRACTOR together with service warranties and guaranties shall run to CITY and the successors and assigns of CITY.

Section 9. NONDISCRIMINATION AND EQUAL OPPORTUNITY EMPLOYMENT

- 9.01 During the performance of the Contract, the CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The CONTRACTOR will take affirmative action to ensure that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action must include, but not be limited to, the following: employment, upgrading; demotion or transfer; recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR(s) shall agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

Section 10. TAXES

- 10.01 CONTRACTOR shall pay all applicable sales, consumer use and other similar taxes required by law.

Section 11. PERMITS, FEES AND NOTICES

- 11.01 CONTRACTOR shall secure all permits and fees, licenses and charges necessary for the proper execution and completion of the work. The costs of all permits, fees, licenses and charges shall be included in the price Proposal except where expressly noted in the specifications requirement.

Section 12. TERMINATION FOR CAUSE AND DEFAULT

- 12.01 In the event CONTRACTOR shall default in any of the terms, obligations, restrictions or conditions in any of the Proposal documents, CITY shall give written notice by certified mail, return receipt requested to CONTRACTOR of the default and that such default shall be corrected or actions taken to correct such default shall be commenced within seven (7) calendar days thereof. In the event CONTRACTOR has failed to correct the conditions of default or the default is not remedied to the satisfaction and approval of CITY, CITY shall have all legal remedies available to it, including, but not limited to termination of the Contract in which case CONTRACTOR shall be liable for all procurement and reprocurement costs and any and all damages permitted by law arising from the default and breach of the Contract.

Section 13. TERMINATION FOR CONVENIENCE OF CITY

- 13.01 Upon seven (7) calendar days written notice delivered by certified mail, return receipt requested, to CONTRACTOR, CITY may without cause and without prejudice to any other right or remedy, terminate the agreement for CITY's

convenience whenever CITY determines that such termination is in the best interests of CITY. Where the agreement is terminated for the convenience of CITY, the notice of termination to CONTRACTOR must state that the Contract is being terminated for the convenience of CITY under the termination clause and the extent of termination. Upon receipt of the notice of termination for convenience, CONTRACTOR shall promptly discontinue all work at the time and to the extent indicated on the notice of termination, terminate all outstanding subcontractors and purchase orders to the extent that they relate to the terminated portion of the Contract and refrain from placing further orders and subcontracts except as they may be necessary, and complete any continued portions of the work.

Section 14. AUDIT RIGHTS

- 14.01 CITY reserves the right to audit the records of CONTRACTOR at any time during the performance and term of the Contract and for a period of three (3) years after completion and acceptance by CITY. If required by CITY, CONTRACTOR shall agree to submit to an audit by an independent certified public account selected by CITY. CONTRACTOR shall allow CITY to inspect, examine and review the records of CONTRACTOR at any and all times during normal business hours during the term of the Contract.

Section 15. ASSIGNMENT

- 15.01 CONTRACTOR shall not assign, transfer or subject the Contract or its rights, title or interests or obligations therein without CITY'S prior written approval.
- 15.02 Violation of the terms of this paragraph shall constitute a breach of the Contract by CONTRACTOR and CITY may, at its discretion, cancel the Contract and all rights, title and interest of CONTRACTOR shall thereupon cease and terminate.

Section 16. GOVERNING LAWS:

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida without regard to principles of conflicts of laws thereof.

Section 17. VENUE

- 17.01 Any claim, objection or dispute arising out of the terms of this Agreement shall be litigated in the Seventeenth Judicial Circuit in and for Broward County, Florida and the prevailing party to any resultant judgment shall be entitled to an award of all reasonable attorney's fees, paralegal expenses, interest and court costs incurred by such prevailing party against the losing party including reasonable appellate attorney's fees, interest and taxable costs.

Section 18. COST ADJUSTMENT:

- 18.01 The pricing for Preventative Maintenance shall remain firm for the initial two (2) year term. For each successive two (2) years renewal term, the monthly maintenance costs are subject to increase in accordance with the preceding two-year's Consumer Price Index (CPI) for All Urban Consumers, All Items (1982-1984). In no event shall the price adjustment exceed five (5) percent. The proposal price for any new upgrades and installations shall include all permit fees, license fees, and other costs arising from the user by such design, equipment, and/or materials in any way involved in the work as well as all costs of packaging, transporting, and delivery to the designated location within the City of Coral Springs.

Section 19. INDEPENDENT CONTRACTOR STATUS:

- 19.01 Siemens and its employees, subcontractors, volunteers and agents, shall be and remain independent contractors and not agents or employees of CITY with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking or venture between the parties hereto.
- 19.02 CITY will not be responsible for reporting or paying employment taxes or other similar levies which may be required by the United States Internal Revenue Service or other state agencies.

Section 20. CONFLICT OF INTEREST:

- 20.01 Siemens covenants that no person under its employ who presently exercise any functions or responsibilities in connection with this Agreement has any personal financial interests, direct or indirect with CITY. CONTRACTOR further covenants that, in the provision of the services set out in this Agreement, no person having such conflicting interest shall be employed. Any such interests on the part of CONTRACTOR or its employees, must be disclosed in writing to CITY.
- 20.02 Siemens is aware of the conflict of interest laws of the Municipal Code of the City of Coral Springs and the State of Florida, Chapter 112, Florida Statutes (2011), as amended from time to time, and agrees that it will fully comply in all respects with the terms of said laws.
- 20.03 Siemens warrants that it has not employed or retained any person employed by CITY to solicit or secure this Agreement and that it has not offered to pay, paid or agreed to pay, any public official or person employed by CITY any fee, commission, percentage, brokerage fee, or gift of any kind contingent upon or resulting from the award of this privilege.

Section 21. ASSIGNMENT:

- 21.01 Siemens shall not assign, or transfer its rights, title or interests in the Agreement nor shall CONTRACTOR delegate any of the duties and obligations undertaken by Siemens without CITY'S prior written approval.

Section 22. CUMULATIVE REMEDIES

- 22.01 The remedies expressly provided in this Agreement to CITY shall not be deemed to be exclusive but shall be cumulative and in addition to all other remedies in favor of CITY now or hereafter existing at law or in equity.

Section 23. SEVERABILITY

- 23.02 Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of this State, the validity of the remaining portions or provisions shall not be affected thereby.

Section 24. CONSTRUCTION OF AGREEMENT

The terms and conditions herein are to be construed with their common meaning to effectuate the intent of this Agreement. All words used in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words in any gender shall extend to and include all genders.

Section 25. NOTICES

Section 26. COMPLIANCE WITH LAWS

- 26.01 CONTRACTOR shall comply with all statutes, laws, ordinances, rules, regulations and lawful orders of the United States of America, State of Florida, City of Coral Springs and of any other public authority which may be applicable to this Agreement.

Section 27. INSOLVENCY

- 27.01 In the event that either party shall become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or its assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of rights of creditors, or become subject to rehabilitation, then, at the option of the other party and immediately upon written notice, this Agreement shall terminate and be of no further force and effect.

Section 28. ENTIRE AGREEMENT

- 28.01 This Agreement contains the entire understanding of the parties relating to the subject matter hereof superseding all prior communications between the parties whether oral or written, and this Agreement may not be altered, amended, modified or otherwise changed nor may any of the terms hereof be waived, except by a written instrument executed by both parties. The failure of a party to seek redress for violation of or to insist on strict performance of any of the covenants of this Agreement shall not be construed as a waiver or relinquishment for the future of any covenant, term, condition or election but the same shall continue and remain in full force and effect.

Section 29. MISCELLANEOUS

- 29.01 The parties acknowledge and agree that this Agreement does not cover remote central station monitoring or performance contracting. In the event that CITY desires to hire Siemens-BT to perform such services, the parties shall negotiate a separate contract(s) for such services.
- 29.02 The parties acknowledge and agree that this Agreement applies to commercial (municipal government) projects and excludes any federal projects.
- 29.03 CONTRACTOR's services do not include directly or indirectly performing or arranging for the detection, monitoring, handling, storage, removal, transportation, disposal, or treatment of any hazardous, toxic, radioactive, or infectious substances, including any substances regulated under RCRA or any other federal or state environmental laws (collectively called "Hazardous Materials") other than materials used by CONTRACTOR in course of the work performed under this Agreement. The discovery or reasonable suspicion of Hazardous Materials or hazardous conditions at a site where CONTRACTOR is to perform services or of contamination of the site by Hazardous materials not previously disclosed to CONTRACTOR in writing shall entitle CONTRACTOR to suspend its services immediately, subject to mutual agreement of terms and conditions applicable to further services, or to terminate its services and to be paid for services previously performed.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed, the day and year first above written.

	Check condition of air filter and clean or replace as needed
	Check for unusual noise or vibration
	Verify proper operation of cooling fans and clean as needed
	Check overall condition of unit
	Check and tighten electrical connections
	Remove and dispose any debris from any maintenance activity
	Document tasks performed during visit and report any observations to appropriate customer representative
	Review event log (if applicable)
	Ramp drive up and down, and check for proper operation (if possible)

Split System up to 15 Tons

Return Air Filter Change (4x per year)

- Check with appropriate customer representative for operational deficiencies
- Dispose of dirty filter appropriately
- Document tasks performed during visit and report any observations to appropriate customer representative
- Remove dirty filters, Install new filters, Clear drain line

Operational (Cooling/Heating) (4x per year)

- Check condensing unit electrical connections and contactor(s)
- Document tasks performed during visit and report any observations to appropriate customer representative
- Check with appropriate customer representative for operational deficiencies
- Check blower motor operation
- Check overall condition of unit
- Check condition of condenser coil
- Check for visual signs of refrigerant/oil leak(s)
- Check for unusual noise and vibration
- Check condition of pulley and belts (if applicable)
- Check condenser fan motors and blades
- Check heating operation (when applicable)

Cooling Comprehensive (1 Annually)

- Check and tighten electrical connections, Check contactor(s)
- Check blower motor operation
- Check condition and alignment of pulley and belts (if applicable)
- Record and log all operating parameters
- Remove and dispose any debris from any maintenance activity
- Check for visual signs of refrigerant/oil leak(s)
- Check for unusual noise and vibration, Check overall condition of unit
- Document tasks performed during visit and report any observations to appropriate customer representative
- Check with appropriate customer representative for operational deficiencies
- Check condition of filters
- Check condition of condenser coil
- Check condenser fan motors and blades
- Clean condensate pan and clear drain line (if readily accessible)
- Lubricate blower and motor bearings (if applicable)

Electric Heating Comprehensive

- Check condition of filters
- Remove and dispose any debris from any maintenance activity
- Check blower motor operation, Check for unusual noise and vibration
- Check overall condition of unit, Check contactor(s), Check and tighten electrical connections
- Document tasks performed during visit and report any observations to appropriate customer representative
- Check heat strip operation (coordinate with customer)
- Check condition of pulley and belts (if applicable)
- Check with appropriate customer representative for operational deficiencies

Belt Change (1 Annually)

- Remove and dispose any debris from any maintenance activity
- Perform belt change procedures
- Document tasks performed during visit and report any observations to appropriate customer representative
- Check with appropriate customer representative for operational deficiencies

Condenser, Air Cooled

Operational (4x per year)

- | |
|--|
| Visually inspect electrical connections |
| Check for unusual noise and vibration |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check condition of condenser coil |
| Check for visual signs of refrigerant/oil leak(s) |
| Check with appropriate customer representative for operational deficiencies |
| Check overall condition of unit |
| Check condenser fan components |

Comprehensives (1 Annually)

- | |
|--|
| Check for unusual noise and vibration |
| Check condition of condenser coil |
| Check overall condition of unit |
| Check and tighten electrical connections |
| Check contactor(s) |
| Check for visual signs of refrigerant/oil leak(s) |
| Check with appropriate customer representative for operational deficiencies |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Rinse coil(s) thoroughly with water |
| Check condenser fan components and lubricate as required |
| Remove and dispose any debris from any maintenance activity |

Air Handling Unit (AHU)

Operationals (4x per year)

- | |
|--|
| Check for integrity of cabinet hardware |
| Verify damper operation |
| Visually inspect electrical connections |
| Inspect motor mounting isolators |
| Visually inspect damper(s) |
| Check condition of pulleys and belts |
| Check condensate drain, Clear drain line |
| Visually inspect for fluid leaks of coils and connecting piping |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check with appropriate customer representative for operational deficiencies |
| Check condition of coils |
| Check for unusual noise and vibration, Check for proper fan operation, Check overall condition of unit |
| Record temperatures and pressures (if applicable) |

Return Air Filter Change (4x per year)

- | |
|--|
| Check with appropriate customer representative for operational deficiencies |
| Dispose of dirty filter appropriately |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Remove dirty filters, Install new filters, |

Comprehensives (1 Annually)

- | |
|--|
| Check for deterioration of gaskets and seals |
| Check for unusual noise and vibration |
| Check and tighten electrical connections |
| Visually inspect damper(s) |
| Check condition of filters |
| Check with appropriate customer representative for operational deficiencies |
| Check condition of pulleys and belts |
| Check condition of coils |
| Lubricate blower and motor bearings |
| Clean condensate pan and clear drain line |
| Remove and dispose any debris from any maintenance activity |
| Check starter/contactors |
| Check damper operation and lubricate as required |
| Record temperatures and pressures (if applicable) |
| Visually check control valve(s) |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Visually inspect for fluid leaks of coils and connecting piping |
| Check for proper fan operation |
| Check overall condition of unit |
| Check condition of blower assembly |

Belt Change (1 Annually)

- | |
|--|
| Perform belt change procedures |
| Remove and dispose any debris from any maintenance activity |
| Check with appropriate customer representative for operational deficiencies |
| Document tasks performed during visit and report any observations to appropriate customer representative |

Fan Coil Unit (FCU)

Operationals (4x per year)

- | |
|--|
| Check with appropriate customer representative for operational deficiencies |
| Check condition of pulley and belts (if applicable) |
| Check condensate drain |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Clear drain line |
| Check condition of filters |
| Check for unusual noise and vibration |
| Check overall condition of unit |
| Check condition of coils |
| Check unit for proper operation |

Return Air Filter Change (4x per year)

- | |
|--|
| Check with appropriate customer representative for operational deficiencies |
| Dispose of dirty filter appropriately |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Remove dirty filters, Install new filters, |

Pump, Chilled Water

Operationals (4x per year)

- | |
|--|
| Check for leaks |
| Check overall condition of unit |
| Check with appropriate customer representative for operational deficiencies |
| Visually inspect coupling |
| Check pressures |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check for unusual noise and vibration |

Comprehensives (1 Annually)

- | |
|--|
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check overall condition of unit |
| Check coupling |
| Record and log all operating parameters |
| Check for unusual noise and vibration |
| Check for leaks |
| Lubricate pump and motor bearing(s) per manufacturer's recommendation |
| Check with appropriate customer representative for operational deficiencies |

Computer Room Unit, with Remote Condenser

Operationals (4x per year)

- | |
|--|
| Check blower motor operation, Check condition of pulley and belts |
| Check humidifier pan for signs of debris |
| Check for unusual noise and vibration |
| Review control panel for proper operation and recorded fault histories |
| Check condenser fan motors and blades |
| Check the dry cooler or condenser coil for debris |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check for proper humidifier operation |
| Check water make-up valve for leaks |
| Check condition of evaporator coil |
| Visually inspect electrical components for signs of over heating |
| Check with appropriate customer representative for operational deficiencies |
| Clear drain line |
| Check for visual signs of refrigerant/oil leak(s) |
| Check overall condition of unit |

Return Air Filter Change (4x per year)

- | |
|--|
| Check with appropriate customer representative for operational deficiencies |
| Dispose of dirty filter appropriately |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Remove dirty filters, Install new filters, |

Comprehensives (1 Annually)

- | |
|--|
| Conduct refrigerant leak check |
| Remove and dispose any debris from any maintenance activity |
| Check blower motor operation |
| Check condition of evaporator coil |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check and tighten electrical connections, Check contactor(s), Check operating controls |
| Visually check for glycol leaks (if applicable) |
| Clean humidifier pan (if applicable), Check humidifier pan for signs of debris |
| Check operation of reheat function, Check for proper humidifier operation, |
| Check overall condition of unit |
| Check with appropriate customer representative for operational deficiencies |
| Replace humidifier canister or quartz bulbs (customer provided) |
| Lubricate blower and motor bearings |
| Check water make-up valve for leaks |
| Check condition and alignment of pulley and belts |
| Check condition of condenser coil, Rinse condenser coil(s) thoroughly with water |
| Clean condensate pan and clear drain line |
| Check for unusual noise and vibration |
| Record and log all operating parameters |

Belt Change (1 Annually)

- | |
|--|
| Perform belt change procedures |
| Remove and dispose any debris from any maintenance activity |
| Check with appropriate customer representative for operational deficiencies |
| Document tasks performed during visit and report any observations to appropriate customer representative |

Chiller, Air Cooled, Screw

Operationals (4x per year)

- | |
|--|
| Check for proper capacity control operation |
| Check for proper condenser fan operation |
| Check overall condition of unit |
| Check oil separator level |
| Check for visual signs of refrigerant/oil leak(s) |
| Record and log all operating parameters |
| Check refrigerant charge (sight glass) |
| Check for unusual noise and vibration |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check with appropriate customer representative for operational deficiencies |
| Review control panel for proper operation and recorded fault histories |
| Check for proper chilled water flow |
| Check system pressures and temperatures |
| Check for proper oil temperature and pressure |

Comprehensives (1 Annually)

- | |
|--|
| Conduct refrigerant leak check |
| Inspect condenser fan and compressor contactors for wear |
| Review control panel for proper operation and recorded fault histories |
| Perform lock-out and tag-out procedure |
| Perform preventative procedures to flow proving devices |
| Check overall condition of unit |
| Check with appropriate customer representative for operational deficiencies |
| Check for visual signs of refrigerant/oil leak(s) |
| Check for unusual noise and vibration |
| Rinse condenser coil(s) thoroughly with water (2x per year Chiller only) |
| Check oil separator level |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check and tighten electrical connections |
| Verify oil heater operation |
| Remove and dispose any debris from any maintenance activity |

Oil Analysis (2 Circuits) (1 Annually)

- | |
|--|
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check with appropriate customer representative for operational deficiencies |
| Remove sample in approved container |
| Label and complete paperwork indicating present operating conditions |
| Drop off for analysis |

Chiller, Air Cooled, Scroll

Comprehensives (1 Annually)

- | |
|--|
| Check overall condition of unit |
| Remove and dispose any debris from any maintenance activity |
| Inspect condenser fan and compressor contactors for wear |
| Check for visual signs of refrigerant/oil leak(s) |
| Check for unusual noise and vibration |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Rinse condenser coil(s) thoroughly with water (2x per year Chiller only) |
| Review control panel for proper operation and recorded fault histories |
| Perform lock-out and tag-out procedure |
| Perform preventative procedures to flow proving devices |
| Check with appropriate customer representative for operational deficiencies |
| Conduct refrigerant leak check |
| Check for proper crank case heater operation (if applicable) |
| Check and tighten electrical connections |

Oil Analysis (2 Circuits) (if applicable) (1 Annually)

- | |
|--|
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check with appropriate customer representative for operational deficiencies |
| Remove sample in approved container |
| Label and complete paperwork indicating present operating conditions |
| Drop off for analysis |

Operational (4x per year)

- | |
|--|
| Check for proper chilled water flow |
| Check for proper crank case heater operation (if applicable) |
| Check for proper condenser fan operation |
| Record and log all operating parameters |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check refrigerant charge (sight glass) |
| Check for unusual noise and vibration |
| Check overall condition of unit |
| Check system pressures and temperatures |
| Check with appropriate customer representative for operational deficiencies |
| Review control panel for proper operation and recorded fault histories |
| Check for proper capacity control operation |
| Check for visual signs of refrigerant/oil leak(s) |

Refrigerant Monitor

Comprehensives (1 Annually)

- | |
|--|
| Perform calibration per manufacturer's recommendation |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check sampling ports lines for blockage and replace inlet filters if needed |
| Test for proper operation and assure alarms are functioning |
| Remove and dispose any debris from any maintenance activity |
| Check with appropriate customer representative for operational deficiencies |
| Review control panel for proper operation and recorded fault histories |

Controls (Controller/End Devices), Air Handling Unit (AHU), Firms, 0-20 points

Comprehensives (1 Annually)

- | |
|--|
| Identify and notify customer of current overrides (e.g. out of service) and negative impacts |
| Field calibrate critical sensors (as sensor type and controller options allow) |
| Visually validate system outputs from the field controller |
| Identify and notify customer of abnormal point communications |
| Identify and notify customer of all current alarms and negative impacts |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Check with appropriate customer representative for operational deficiencies |
| Create local back up of existing program and store on on-site computer and on-site media |
| Verify unit is controlling to set points |
| Validate controls safety circuit and alarm verification (coordinate with customer) |
| Tighten electrical connections |
| Check overall condition of panel and perform visual inspection of unit and surrounding area |

Operational (4x per year)

- | |
|--|
| Check with appropriate customer representative for operational deficiencies |
| Identify and notify customer of abnormal point communications |
| Check overall condition of panel and perform visual inspection of unit and surrounding area |
| Identify and notify customer of current overrides (e.g. out of service) and negative impacts |
| Document tasks performed during visit and report any observations to appropriate customer representative |
| Verify unit is controlling to set points |
| Identify and notify customer of all current alarms and negative impacts |

SIEMENS

Industry

Building Technologies – South Florida Labor & Material Rates

City of Coral Springs Addendum

Please note: Rates effective January 2011. (Rates are subject to change)

<u>Specialist/Technician</u>	<u>List</u>	<u>Discounted</u>	<u>HVAC Mechanic- Pipefitter or Electrical Installer</u>	<u>List</u>	<u>Discounted</u>
Building Automation	\$145.00/hr	\$116.00/hr	Mechanic	\$122.50/hr	\$98.00/hr
Fire Life Safety	\$135.00/hr	\$108.00/hr	Electrical Installer	\$122.50/hr	\$98.00/hr
Security	\$135.00/hr	\$108.00/hr			
			<u>Project Manager</u>	<u>List</u>	<u>Discounted</u>
<u>Other</u>	<u>List</u>	<u>Discounted</u>			
Application Engineer	\$175.00/hr	\$140.00/hr		\$175.00/hr	\$140.00/hr

OVERTIME RATES:

MONDAY – FRIDAY (Outside of Normal Business Hours*)	=	1.5 x APPROPRIATE RATE
SATURDAYS	=	1.5 x APPROPRIATE RATE
SUNDAYS & HOLIDAYS	=	2.0 x APPROPRIATE RATE

*NORMAL BUSINESS HOURS 8:00 AM - 5:00 PM, MONDAY THRU FRIDAY

** A \$170.00/day TRAVEL PER DIEM WILL BE ADDED TO OVER NIGHT STAY AS REQUIRED.

EMERGENCY SERVICE LABOR

Emergency Service labor will be charged from the time the field personnel heads to the site of service until the field personnel returns to their point of origin (commonly referred to as portal to portal charging). Emergency Service labor is defined as the labor that will be charged at the negotiated rate for any service call(s) placed in order to address and/or repair an item or issue that is not covered as part of the routine maintenance of that particular piece of equipment.

Advantage Service Contract Customers:

- RECEIVE A 50% DISCOUNT FROM CURRENT PUBLISHED LIST PRICE ON BUILDING AUTOMATION COMPONENTS as published in the Powers Controls Pneumatic/Electronic & Apogee Automation PRICING GUIDE.
- RECEIVE "Trade Net" PRICING FROM SIEMENS FIRE SAFETY COMPONENTS as published in the FIRE SAFETY PRICE LIST.
- ALL OUTSIDE MATERIAL INCLUDING MATERIAL FROM OTHER SIEMENS DIVISIONS WILL BE SOLD PER THE OUTSIDE PURCHASE MARK-UP SCHEDULE.
- RECEIVE A 20% DISCOUNT ON TECHNICAL LABOR (PROJECT MANAGER, APPLIC. ENGINEER, SPECIALIST/TECHNICIAN)
- RECEIVE A 20% DISCOUNT ON MECHANICAL/ELECTRICAL LABOR (HVAC MECHANIC, IPEFITTER, ELECTRICAL INSTALLER)

Mark-Up for Outside Purchased Material

For use when calculating pricing of non-standard products for Labor & Material and Non-Installed product lines.

<u>SIEMENS COST</u>	<u>MULTIPLIER</u>
\$ 0.01 thru \$ 150.00	= X 2.00
\$ 150.01 thru \$ 500.00	= X 1.75
\$ 500.01 thru \$ 5,000.00	= X 1.65
\$ 5,000.01 and up	= X 1.55
