

HISTORIC PROPERTY AD VALOREM TAX EXEMPTION APPLICATION

HISTORIC PRESERVATION BOARD

Submittal Date: 6/27	Property A	address: 55 SE 7th Avenue	,
Historic District/Site: _	Marina His	storic District	

INSTRUCTIONS FOR COMPLETING AND FILING THE TAX EXEMPTION APPLICATION

Applications may be submitted to the Planning and Zoning Department at any time between the hours of 8:00 a.m. and 5:00 p.m., Monday thru Friday. Please submit application and all required materials at the same time. Incomplete applications will not be accepted. The Historic Preservation Board (HPB) will act on a tax exemption application at the next applicable meeting upon confirmation by the Historic Preservation Planner that the application is complete and satisfies the requirements of LDR Section 4.5.1(J) and is therefore eligible for review by the Historic Preservation Board. This review period takes approximately **sixty (60) days**. Please review page 8 for complete application processing information.

Tax Exemption Applications must be submitted within three months of Certificate of Occupancy (Final Inspection), and **no later than July 1**st to receive the exemption on the following year's taxes.

The application must be accompanied by the \$100.00 processing fee (make checks payable to the City of Delray Beach). Please print or type all of the required information and ensure that the application is complete and accurate. It is necessary that an owner, or an authorized agent, be present at the Board meeting when the application is reviewed. If a property owner wishes to designate a representative/agent, please execute the "Owner's Consent and Designation of Agency" form found in this application.

Pursuant to the City's Land Development Regulations' Section 2.4.6(J)(2)(b) no application for a COA will be accepted by the HPB unless it contains all required and pertinent information. A pre-application conference with a member of the Planning Staff is strongly recommended, and can be scheduled at your convenience.

All projects will be reviewed and evaluated for conformance with the <u>Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings</u>. The Standards for Rehabilitation are broadly worded to guide the improvement of all types of historic properties. The underlying concern expressed in the referenced Standards and Guidelines is the preservation of significant historic materials and features of a building or archaeological site in the process of restoration, rehabilitation or renovation. Evaluation is based on whether or not the overall project is consistent with the Standards and Guidelines. Proposed work that does not appear to be consistent with the Standards and Guidelines will be identified, and advice will be given to assist property owners, architects, or builders in bringing the project into conformance.

Revised: 10/15 NH

Notes:

- 1. A digital copy of all plan exhibits and application documentation provided on CD is required with the submittal of the application and each subsequent resubmittal. The digital copy must be in a PDF format and shall be prepared at a size of 8½" x 11" or 11"x 17", depending upon legibility.
- 2. Citizens that request a presentation before the Board or City Commission that is on a portable flash drive device must provide their media to the City Clerk's Office, no later than 12:00 pm one day prior to the meeting where they wish to present. The City laptops will not accept (won't even recognize) any jump drives inserted without prior IT scanning. There will be a zero tolerance policy on this. Applicants have the option to bring their own laptops for their presentation.

Description of Physical Appearance Prior to Improvements:

Provide information about the major exterior and interior features of the building. Describe the building in its existing condition (before improvement) -- not as it was when first built (unless unchanged) or as it will be after improvement. Note the architectural style, exterior construction materials (wood, brick, etc.), type of roof (flat, gable, hipped, etc.), number of stories, basic plan (rectangular, irregular, L-shaped, etc.), and distinguishing architectural features (placement and type of windows, chimneys, porches, decorative interior features or spaces). Describe any changes that have been made to the building since its original construction (i.e., additions, porch enclosures, new storefronts, relocation of doors and windows, and alterations to the interior). Other buildings on the property such as carriage houses, barns and sheds should also be described. Finally, discuss the way in which the building relates to others in the district in terms of siting, scale, material, construction, and date of construction.

The subject property is a contributing single story single family residence built in the frame vernacular house style prevalent in the Marina Historic District from the mid 1920's into the 1940's. These houses are characterized by hip roofs, gable end facades. brick front porches with simple front porch columns, and brick chimneys. The existing brick porch and brick chimneys were restored. Windows were kept as close as possible to the original locations and have dimensional muntins and divided panes. The existing house had a prominent cupola which we restored and added reinforced steel structure. The existing floor plan of the 2 bedrooms and 2 baths on the south side of the house was retained. The north side of the existing house which contained the living room and kitchen was also retained and opened up by vaulting the ceilings. A new addition containing a bedroom and bathroom was added in the rear of the property and is connected to the house by a narrow gallery and breezeway. The existing siding was restored with the original profile, dimensions and mitered corners. The house was unoccupied and abandoned for an unknown number of years and was in extremely poor condition. A non-historic plywood carport extension was demolished prior to the main house being rehabilitated.

Statement of Significance:

Summarize how the building contributes to the significance of the district. This summary should relate to the significance of the district (including the district's period of significance) as identified in the National Register nomination or district designation documentation. Is it similar to other buildings in the district in scale, building materials, style, and period of construction? Note important persons from the past associated with the building, former uses of the property, and the name of the architect or builder, if known.

Built in 1939 the house well represents the frame vernacular style and is a contributing resource listed in the attached United States Department of the Interior, National Park Service's report approving the Marina Historic District listing in the National Register of Historic Places, section 7 page 11. The restoration of historic single family homes in the Marina Historic District which were actually used by residents, is an essential part of maintaining the authentic character of the community. Our goal in the rehabilitation of this house has been to faithfully restore the original house and original architecture using as much of the original structure as possible, and adding new materials that closely match the original where necessary. JoAnne Peart, current Delray Beach resident, lived in the house in the 1950's and 1960's and provided valuable information and photos of the house.

PART EIGHT: TAX EXEMPTION APPLICATION REVIEW PROCESS

- Upon HPB approval of the application, a Resolution will be reviewed at the next available City Commission meeting. This review is to authorize the exemption from the City's portion of property taxes.
- 2. Following approval of the Resolution, a Property Tax Exemption Covenant will be provided to the property owner for signature. This Covenant requires the owner(s) to maintain the improvements during the ten (10) year period that the exemption is granted. The Covenant must be signed and notarized by a Public Notary for all owners of record of the subject property. Upon signature by the Historic Preservation Planner, the Covenant must then be recorded by the property owner (at an additional charge) in the official records of Palm Beach County at:

The Palm Beach County Court House Recording Department, Room 4.25 205 North Dixie Highway P.O. Box 4177 West Palm Beach, Florida 33402 (561) 355-2991

- 3. **Two (2) copies** of the recorded Covenant must be delivered to the Historic Preservation Planner. One (1) of the Property Tax Exemption Covenant copies must be a **Certified Copy**.
- 4. Upon receiving the two (2) copies of the recorded Covenant, the Historic Preservation Planner will send copies of the following documents to the Palm Beach County, Property Appraiser's Office, and the Palm Beach County, Planning, Zoning and Building Department, by OCTOBER 1st:
 - a. HPB Staff Reports for the COA and Tax Exemption Application;
 - b. Certified copy of the recorded Property Tax Exemption Covenant to the Palm Beach County, Property Appraiser's Office;
 - c. Non-certified copy of the Covenant to the Palm Beach County, Planning, Zoning and Building Department;
 - d. Resolution of the City Commission approving the Completed Work Application.
- 6. Palm Beach County's Planning, Zoning and Building Department will forward this request for the exemption from the County's portion of the property taxes to the County Commission for their approval. The County staff may require additional information. The property owner will also have to enter into a covenant with the County. This covenant will also need to be recorded (additional charge).
- 7. This documentation will authorize the tax exemption for the Property Appraiser's Office from the City's and the County's portion of property taxes associated with the increased value of the historic property due to improvements.

Please be aware that the Palm Beach County, Property Appraiser's Office and the Palm Beach County, Planning, Zoning and Building Department must have all documentation prior to or on OCTOBER 1st of the year preceding the year the tax exemption is to commence.
