<b>Additional Comments (optional)</b>	<p>The customer service is awesome. They are always available, and everyone I have met with, is professional and willing to help. They have provided our vehicles for unmarked assignments. They are open to requests to add extras like, tow hitch, bed liners and tool boxes. We also had an issue with a vehicle, they provided a vehicle during the time the vehicle was being serviced at the dealer. Overall, great people and service, I would highly recommend. These are my personal opinions, and don't necessarily reflect those of the City of Altamonte Springs.</p>

I have been working with Otniel for the past 8 months as a new fleet service director for the Marion County Sheriff Office, and I have found his service to be excellent for our leasing needs.

Leasing with Enterprise for specialty Police Vehicles is an excellent opportunity for small agencies / municipalities. Superior equipment with stable costs.
