<b>Additional Comments (optional)</b>	Universal have really ben a very strong partner for us.	N/A	<b>Additional Comments (optional)</b>	Beach Raker has always been responsive to the City's request and services are provided in an efficient and consistent manor	The City of Pompano Beach has contracted with Beach Raker for the maintenance of our beaches for many years. Over that time we have gone out to bid twice, and Beach Raker won the bid each time. They are a fantastic company to work with. Especially when dealing with turtles during season! Very reliable and very professional. I highly recommend them.	The company hasn't given us any problems. They are responsive and provide 365 days a year service to our Village. They were also very helpful after the recent Hurricane. I would highly recommend them.
