Project 1: Researched, devised, and executed a plan to allow Phillips 66's to regain control of its SEC reporting destiny. I eliminated the need for a 3rd party provider by bringing the XBRL tagging and EDGARization processes "in-house". My work resulted in substantially improved efficiency as well as a major reduction of cost. Combined with normal research methods, I utilized LinkedIn, creating message boards, reaching out to reporting managers at peer and other major corporations, and reading through preexisting threads, to not only research vendors but to also hear first hand what current customers (major Fortune 500 companies) were experiencing with their chosen solutions. I then coordinated in house demos, conference calls with reporting managers at some of our peer companies, acted as the point person for IT and procurement, and submitted my final conclusions to the CFO (as well as make my 2 presentations)

Project 2: Assisted with the 10Q. Performed the test of significance to determine PSX's consolidated subsidiaries and ensured my findings were reflected in the income statement and corresponding footnotes. Determining P66's earnings to fixed charges ratio and updated the coinciding tables.

## City Clerk Board Application

Application Element	Comments
<b>Advisory Board Questionnaire</b>	
How long have you lived in the city? (Where applicable)	14 years
How does your education or experience complement the powers and duties of the board/commission?	My profession as a realtor keeps me directly involved in the development of Delray Beach from new projects to new businesses coming to the area, etc. I am always current on what is happening in Delray Beach and its surrounding neighbors, and my sincere interest and involvement in our city fuels my passion and will hopefully benefit a board I'm chosen to serve on.
Have you served on board(s) previously?. If so, what were your contribution(s) to the board(s)?	No, I have not currently served on a board. I have served in other community and leadership positions, but not on a Delray Beach board.
What direction would you like to see this board/commission go?. What suggestions do you have?	I honestly don't know enough to make strong suggestions, but I do hope to learn as much as I can as I serve to help move Delray in a positive direction.
Have you ever attended a meeting of this board/commission?	Yes, I have had the pleasure of attending meetings.
Are you aware of the City's adopted vision and goals for the future?. If so, what is your opinion of the vision and goals?	With recent implemented changes, I am a little unclear as to the precise direction Delray plans to take. I see a lot of new development, new construction, new projects (Ipic, Atlantic Crossing, West Delray west of Swinton, All Aboard, etc) and it excites me. I also see changes being made with past festivals and events (Seafood Festival, Garlic Fest) and I'm interested in learning more about the pros and cons. I love Delray and wouldn't live anywhere else. My family lives here as well. To be more directly involved in our future would be an honor.
Why are you interested in this board?	I am extremely involved in the Delray Beach community, and as a Residential Real Estate Broker, I am interested and invested in the both the redevelopment and preservation of our amazing city. I have served in numerous leadership positions described and would love to bring my knowledge, expertise and passion to the table to help benefit Delray in any way that I can.
