

ADVANCING SOLAR IN FLORIDA

SolarTogether

An FPL Shared Solar Program

Solar in Florida is on the rise

Sunshine state now ranks
6th in the country for
universal solar capacity and
expected to grow

FPL plans to install **1,200 MW of solar by 2020**

The FPL Shared Solar Program leverages the economies of scale of building Universal Solar, bringing a cost effective, hassle-free solar alternative to our customers.

FPL Shared Solar

How the program works in first year of enrollment

8,706 kilowatts

Shared Solar Subscription

8,706 kW subscription share
x \$6.76/kW fixed subscription rate

Your Monthly Subscription Cost

\$58,853

Solar Energy Produced

212 hours per month
x 8,706 kW subscription share

1,845,672 kWh solar energy

Subscription Credit

1,845,672 kWh solar energy produced
x \$0.0308/kWh subscription credit rate/ kWh

Your Monthly Bill Credit

\$56,847

FPL Shared Solar

Reduce your energy costs while achieving your sustainability goals.

Benefits

- » Offset up to 100 percent of your energy usage
- » Renewable Energy Credits (RECs) are retired on your behalf
- » Receive bill credits immediately

Economics

- » Simple payback between 5-7 years
- » Fixed monthly subscription rate
- » Escalating bill credits
- » No maintenance, operational or insurance costs

Terms

- » No upfront cost
- » No long term contract
- » Subscription is transferable to another store or location
- » Subscription cannot be sold or transferred to another customer

FPL Shared Solar Subscription Agreement

Your signature is required to submit your enrollment. Please read carefully the Subscription Agreement and provide your signature electronically.

SolarTogether - An FPL Shared Solar Program

Pre-Registration Agreement

Pursuant to this pre-registration agreement ("Agreement"), the undersigned ("Subscriber") is agreeing to subscribe to a specified number of kilowatts ("kW") of solar-generated electric power under SolarTogether - An FPL Shared Solar Program ("Program") sponsored by Florida Power & Light Company ("FPL"). The Program will be filed with the Florida Public Service Commission ("FPSC") in 2019, and it is anticipated that Program power will become available to FPL customers sometime in March 2020. This voluntary program allows FPL customers to subscribe to a portion of universal solar capacity built specifically for this Program, thereby sharing in the benefits of solar generation and receiving a credit for the custom savings produced by the renewable
