Advisory Board Questionnaire	
How long have you lived in the city? (Where applicable)	I have lived here since January 2008 (9 years)
How does your education or experience complement the powers and duties of the board/commission?	I do not have a formal education in this field.
Have you served on board(s) previously?. If so, what were your contribution(s) to the board(s)?	None, I have not had the time in the past, but now I do .
What direction would you like to see this board/commission go?. What suggestions do you have?	I have numerous ideas of what I would like to see for the future of Delray Beach. My number one is, to decrease the vehicle traffic on E Atlantic by making the roads much more walker friendly. Also to make it safer for bicyclist and electric power vehicles. Safety is a huge concern. One reason that people love Delray is because of the walk-ability of it.
Have you ever attended a meeting of this board/commission?	I have attended numerous city commission meetings.
Are you aware of the City's adopted vision and goals for the future?. If so, what is your opinion of the vision and goals?	I have been attending the Always Delray meetings and I am so impressed with the direction that we are headed. I truly want to be a part of this exciting time.
Why are you interested in this board?	I think Delray Beach is at a point in its growth, that we need to move more in the "GREEN" direction. I also think it is a perfect time to do so. I would really like the opportunity to be part of such an exciting time in the city.

Delray Beach, 10-24-2017

City of Delray Beach
City Clerk's Department
100 NW 1st Avenue
Delray Beach, FL 33444

Dear Ms. Ruiz,

Thank you for visiting us at our leadership meeting last week at the Delray Beach Golf Club.

I am a passionate real estate professional with more than 23 years' of experience and would love to bring my expertise, enthusiasm and advice as an asset to your boards, committees and City Commission. As you will see from the attached resume, I have built my career in a variety of roles. It's the passion that has shaped my career; I thrive in an environment where no two work days are exactly the same.

When I was listening to your speech last week, I realized how much I am missing serving on the boards and being involved in the community life. Before I moved from Germany to Florida 6 years ago, I was very active serving the community and City of Senden, Germany.

I would like to take this opportunity to send you my board member application, advisory board questionnaire and resume.

Warmest regards,
Maren Graben

City Clerk Board Application

RECEIVED

NOV 07 2017

CITY CLERK

Application Element	Comments
Advisory Board Questionnaire	
How long have you lived in the city? (Where applicable)	I have lived in the city on and off for over 17 years.
How does your education or experience complement the powers and duties of the board/commission?	I have years of experience both professionally and personally working on environmental projects, creating shifts in behaviors, drawing awareness of environmental challenges, and an extensive science background. My science background is also mixed with a business background and the ability to relate with others.
Have you served on board(s) previously?. If so, what were your contribution(s) to the board(s)?	I served on the Marketing committee for the YMCA.
What direction would you like to see this board/commission go?. What suggestions do you have?	I love the direction the board is going towards being an environmental leader! By creating a working model here in our city we can easily transform so many areas around us.
Have you ever attended a meeting of this board/commission?	No I have not but I am willing to.
Are you aware of the City's adopted vision and goals for the future?. If so, what is your opinion of the vision and goals?	My vision would be to increase the number of charging stations, increase the amount of edible plant and tree gardens in our neighborhoods, bring awareness to our food sources and create greater availability of those healthy options, upgrade the irrigation systems to decrease water use, increase water catchment systems, increase the amount of native plants in our neighborhoods, create a city wide #meatlessMonday campaign, empower low income neighborhoods to grow their own food, increase the amount of nectar supplying vegetation, increase sustainable building practices, increase awareness about the types of sustainable materials available, and increase the use of alternate transportation such as bikes. Last but not least my vision includes getting the community involved and continuing to educate the younger generation, but also including all generations and backgrounds into the mix.
Why are you interested in this board?	I have a vision for creating a sustainable future for my children. If I can begin this journey in my own city that would make it that much more powerful.
Board Member Application	

Are you a registered voter?. If so, where are you registered?

Yes I am a registered voter.

List any related professional certifications and licenses which you hold:

Not Applicable.

What Board(s) are you interested in serving?. Please list in order of preference:

Green Implementation Advancement Board

Give your present, or most recent employer and position: In addition, are you or your company a vendor with the City

Currently employed with Red Pepper Group. Video marketing video production company. Previously worked with an environmental engineering firm and the U.S. Fish and Wildlife Service @ the Loxahatchee Wildlife Refuge.

List all City Boards on which you are currently serving or have previously served:(Please include dates)

I have not served on any city boards I have served on the Marketing Committee for the YMCA in Boca Raton.

Describe experiences, skills or knowledge which qualify you to serve on this board: (Please attach a brief resume)

I am passionate about the environment and creating a sustainable environment. I have an extensive science background that includes knowledge of sustainable practices in all areas of life, knowledge of native flora and fauna, knowledge of sustainable building practices, and continue to educate myself on new and advancing technologies. I am also a vegan and understand the complexities and commitment involved in local food production and awareness. Where my skills or knowledge is lacking my passion is in full force.

1. How long have you lived in the city? (Where applicable)

7 1/2 years

2. Have you served on board(s) previously? If so, what were your contribution(s) to the board(s)?

- (1) American Business Women Assoc. (NYC) 2006.
Served 1yr. as President and 2yrs as Membership Chair
- (2) Chamber of Commerce - Palm Bch Women.
1yr Served a Membership Chair

3. Have you ever attended a meeting of this board/commission?

Yes. January 24, 2019

4. Why are you interested in this board?

I am and have always been passionate about the environment. To be part of an active Board that is trying to make a difference in the community is a Board I want to be part of. I have accomplished a lot of change and influence over the years including initiating recycling programs for example.

5. How does your education or experience complement the powers and duties of the board/commission?

I completed the Certified Leed program when it was first brought to the public. I completed all courses in order to better educate myself about Green Building Initiatives. I still work with investors and developers in the Real Estate industry. I also completed courses for ECO BROKER years ago.

6. What direction would you like to see this board/commission go? What suggestions do you have?

I was brought up in Canada and recently made a trip to visit family. This past summer. I was amazed to see the direction Canada has went. (Shared water initiative, no straw policy in restaurant recycling, little to no plastic bag policies in groceries ... Change doesn't happen over night, but it does start with passion. The Board is going in a good direction and needs to continue its initial

7. Are you aware of the City's adopted vision and goals for the future? If so, what is your opinion of the vision and goals?

I am well aware. Just like others, I want a cleaner and healthier environment for people and our planet and the animals that share our earth!
Let's breath better and live healthier!

getting the public to volunteer or even advocate is getting them involved. We will then foster more passionate people.

Attn: Commissioner and Board Members
Green Implementation Advancement Board
Re: Application for Board Member

January 28, 2019

To Whom It May Concern,

I am enthusiastically looking forward to being appointed as an active board member. I have lived and actively worked in the city of Delray Beach for seven and half years now and I know the community around me well. I have frequently participated in Chamber of Commerce, as well as other social and non – for – profit events around the city. Delray Beach is my home!

I am and have always been strongly passionate about the environment and in keeping a healthy lifestyle. I am considered a motivator and influencer, while I continue to educate my friends, family and the public about good environmentally responsible habits. These include recycling, reusing, management paper waste, and promoting the use of cotton sanitary pads to women rather than plastic, found in our everyday store brands etc. I also have a strong background in the real estate industry with access to investors and developers. My background also includes over ten years in the education field. I worked in the school system in various capacities. I am very comfortable speaking in public!

I learned a great deal when completing my courses through the USGBC LEED program. Along with my publishing company, I also have a company that assists business owners with tax savings. For taking the steps to make environmentally conscious decisions, I assist business owners to take advantage of tax credits. Great motivation for business owners to go Green!

As a perspective board member, I take this position seriously. To create change takes action and a team! Of course, I believe that it starts with me! I have carefully considered my time management and diligently listened to the strong initiatives of the board members. This has ultimately lead me to the decision that this is the board for me. I appreciate the opportunity to make a difference in this great city of ours in continuing to keep Delray Beach beautiful!

Sincerely,

CITY CLERK

Application Element	Comments
Advisory Board Questionnaire	
How long have you lived in the city? (Where applicable)	East Delray for almost 3 years.
How does your education or experience complement the powers and duties of the board/commission?	My background is in economics so I can help with the financial analysis of implementing different systems and strategies. I can also help showcase how economic trends in sustainable development will impact the city's future growth.
Have you served on board(s) previously?. If so, what were your contribution(s) to the board(s)?	No, I have not yet served on a board.
What direction would you like to see this board/commission go?. What suggestions do you have?	I would like to see the board push for more sustainable building practices and homes to be built in the city. As a Realtor, I don't see very many LEED certified homes being built. I think it would be good to provide some incentives to builders to construct more sustainable homes and buildings. Also the conversion of existing structures to be more sustainable.
Have you ever attended a meeting of this board/commission?	I just found out about the Green Implementation Advancement Board.
Are you aware of the City's adopted vision and goals for the future?. If so, what is your opinion of the vision and goals?	Yes, I have read through the Green Task Force Report. The report is very thorough and I think it does a very good job of covering all of the bases.
Why are you interested in this board?	I believe that a community that focuses on becoming more sustainable will not only benefit economically but socially. Energy and technology are moving in the sustainable direction so it only makes sense for the city to make as many positive changes that it can.
Board Member Application	
Are you a registered voter?. If so, where are you registered?	I am registered in Delray Beach.
List any related professional certifications and licenses which you hold:	I am a licensed Realtor with the RAPB.

Mr. Stepner has over 10-years of experience working on a wide range of civil and environmental engineering projects, specializing in operations monitoring and construction oversight services for solid waste, water and wastewater projects. Project experience includes operations monitoring and inspections, regulatory review, economic analyses, contract interpretation, preparation of procurement documents, proposal review, compilation of data and trend analyses of waste-to-energy facilities, and construction monitoring. He has served as part of the construction and operations monitoring teams for the development and operation of a new 3,000 ton per day waste-to-energy facility, and as such has significant knowledge of the equipment and operations of such facilities.

Detailed Experience

Water/Wastewater

New York City DEP: CAT/DEL Ultraviolet (UV) Treatment Facility Construction

Management and Start-up. Provided construction management and start-up assistance for a two billion gallon per day (BGD) UV water treatment facility (UV Facility) as part of the Construction Management Joint Venture (CMJV) team. As part of the control room operations sub-team, coordinated construction activities of the four prime contractors to ensure that they did not impact the activities of the other prime contractors or with NYCEP's delivery of water through the UV Facility during facility start-up. Oversaw operation of the UV Facility during performance testing and commissioning of the 56 UV units (UVU) as the support and lead operator for the CMJV. Facilitated on-the-job training of NYCEP operations personnel. Prepared an equipment monitoring log in the form of an electronic tablet application, to be used during UV Facility rounds to monitor the operating status of all facility equipment and report any unanticipated alarms or conditions to the operations supervisor or maintenance staff.

New York City DEP: Tallman Island Wastewater Treatment Plant (WWTP) Start-up.

Provided start-up services and training for biological nutrient removal (BNR) related systems for an 80 million gallon per day (MGD) wastewater treatment plant (maximum capacity of 160 MGD). Developed start-up plans, system training materials, and tracking logs of BNR system equipment, shop test, field test, operation and maintenance (O&M), training and lesson plan, and spare parts submittals. Reviewed project schedules for conformance with equipment start-up and testing. Coordinated and monitored the training program for vendor-provided equipment and systems.

Orange County Sanitation District: Digester Gas Cleaning, Selective Catalytic

Reduction and Catalytic Oxidizer Pilot Testing / Fountain Valley CA. Evaluated the best available control technologies to remove NOx, CO, and VOC from engine generator exhaust

utilizing a digester gas pre-treatment cleaning system and selective catalytic reduction and catalytic oxidizer system. Prepared contract documents, provided negotiation and coordination with vendors, and provided start-up and commissioning assistance. Throughout the pilot testing period, tasks include coordination with the sampling laboratories, managing sampling results, and preparation of technical memoranda and the pilot testing report.

Various Clients: Reasonably Available Control Technology (RACT) Analyses.

Evaluated reasonable available control technologies and prepared RACT Analyses for Oxides of Nitrogen (NOx) for boilers and gas turbines and for volatile organic compounds (VOC) for congeneration engines, sludge incinerators, biogas flares, boilers and generators in compliance with New York State Department of Environmental Protection (DEC) regulations. Client facilities included an industrial sugar refinery, waste water treatment plants, and a pharmaceutical facility. Tasks included reviewing NOx and VOC emissions data from combustion sources, researching potential control technologies, and determining the economic feasibility of implementing the control technologies.

New York State Office of General Services: Yonkers Illicit Discharge Elimination

Program / Yonkers NY. Performed water sampling of storm water outfalls and manholes to identify points of illicit discharge of sanitary sewage. Responsibilities included collecting water samples from each of the outfalls and manholes, inspecting each outfall and manhole for indicators of sanitary sewage e.g. odors, debris. Once signs of sanitary sewage were identified in the storm water outfalls, the sanitary sewage is tracked through storm water drainage system via sampling, CCTV, and dye testing until the illicit discharges are identified in individual residencies and repairs to the drainage system are made.

New York City DEP: Newtown Creek WWTP: Asset Management and Information

Access System (IAS): Online O&M Manual Management / New York NY. Developed asset identification numbers and tag names for the WWTP computerized maintenance management system (CMMS) for design plant modification contracts. Each asset in the WWTP was added to a hierarchy visual representation. Assisted in the development of Newtown Creek WWTP online IAS for client usability. Formatted and uploaded O&M manuals sections and other project documents to the IAS. Developed the IAS User Training Manual.

New York City DEP: Wards Island WWTP Staffing Assessment / New York NY. Assisted in the development of the Wards Island WWTP Staffing Assessment Report. Responsibilities included creating an equipment list for the entire plant, assigning preventative maintenance (PM) hours to each piece of equipment, determining staffing levels for PM based on total PM hours, and writing the Report.

Bergen County Utilities Authority: Information Access System: Online Operation &

Maintenance Manual / Bergen County NJ. Assisted in the development of the Bergen County Utilities Authority's (BCUA) online Information Access System (IAS) comprised of an online O&M Manual and Document Library. Developed O&M manual sections for Service Air, Potable Water, and Sludge Storage Systems. Formatted and uploaded O&M manuals

sections and other project documents to the IAS. Developed sections of the IAS Basic User Training Manual.

New York City DEP: Owls Head and Tallman Island WWTPs Odor Study / New York NY. Performed Odor Sampling of the Owls Head and Tallman Island WWTPs. Includes liquid and air sampling from the surface of primary settling tanks, aeration tanks, final settling tanks, and other select locations at the plant.

Town of Southeast: Brewster Heights Wastewater Treatment Plant Operation & Maintenance Manual / Southeast NY. Developed Operations & Maintenance (O&M) Manual for a 150,000 gpd wastewater treatment plant. Responsibilities included coordination with plant staff, site visits, and writing of the O&M Manual. Plant includes screening, extended aeration, clarification, sand filtration, microfiltration, UV disinfection, aerobic digestion, and sludge drying beds.

Mount Ebo Corporate Center: Mt. Ebo Wastewater Treatment Plant Operation & Maintenance Manual / Brewster NY. Developed Operations & Maintenance (O&M) Manual for a 160,000 gpd wastewater treatment plant. Responsibilities included coordination with plant staff and writing of the O&M Manual. Plant includes screening, primary clarification, rotating biological contactors, secondary clarification, sand filtration, microfiltration, UV disinfection, and solids handling.

Solid Waste

Solid Waste Authority of Palm Beach County: SWA New WTE Facility / West Palm Beach FL. Providing operation and maintenance monitoring services for the new 3,000 ton per day (tpd) waste-to-energy (WTE) mass burn Facility adjacent to the Authority's North County Resource Recovery Facility (NCRRF). Tasks include inspection of the Facility and review of operating parameters for compliance with the maintenance standards and performance guarantees in Operation and Maintenance Agreement between the SWA and Facility operator. As a member of the engineering management team, performed as construction monitoring engineer during construction of the Facility. Current tasks include creation and tracking of the Owner's construction punch list and administration of the warranty list. Previous tasks included monitoring and recording all site construction activities, walk down of all process systems, and tracking quality issues. As part of the constraints and limitations analysis for siting of the Facility, assisted in the development of the conceptual site layouts by developing cost estimates for potential site grading options.

Union County Utilities Authority: Resource Recovery Facility: Operations and Maintenance Monitoring / Union County NJ. Provided engineering services for the operation and maintenance monitoring of a 1,540-tpd waste-to-energy facility. Responsibilities included conducting facility inspections during normal operating conditions and during major equipment outages, and reviewing supervisor and control room operator logs to identify notable maintenance activities. Reviewed facility operating data with respect to waste

processed and received, steam production, electric generation, and equipment downtime. Prepared various reports, including: annual general assessment and status condition, outage inspection and unit outage summaries, and condition comparison reports for the waste-to-energy facility. Prepared the Title V Permit - Waste Separation Annual Report for Union County recyclable materials.

Westchester County: Construction & Demolition Debris Recycling Facility. Prepared the feasibility study for implementation of a 700 tpd Construction & Demolition (C&D) Debris Recycling Facility on the County-owned property adjacent to the existing Materials Recovery Facility. Sorting techniques utilized include shredding, mechanical screening, magnetic separation, manual sorting, air separation, and wood grinding.

Westchester County: Solid Waste Management Plan Update / Westchester County NY. Prepared the 2010 Westchester County Department of Environmental Facilities Solid Waste Management Plan Update. The main objectives of the plan update are to define the infrastructure and strategies to manage the County's solid waste and discuss future strategies to assist in meeting the State of New York's (State) quantitative goals for waste reduction and recycling set forth in the State's solid waste management plan, prepared in December 2010.

Alexandria/Arlington Waste-to-Energy Facility, Alexandria VA. Assisted in the conduct of an economic analysis to quantify cost and benefits of exercising or not exercising the Extended Term option(s) available under the Jurisdictions' service agreement with Covanta, and a recommendation as to the time frame for taking action. The economic analysis included a solid waste market analysis, identification of potential issues, and evaluation of alternatives. A key component of the evaluation and presentation of findings was the development of a financial model of the Jurisdictions existing solid waste system and Facility operations to project future costs under the alternative scenarios using probabilistic modeling (using @Risk™ software) to quantify potential financial risks. Tasks included development of a timeline and decision tree for agreement alternatives and preparation of the economic analysis report.

Solid Waste Authority of Palm Beach County: North County Resource Recovery Facility (NCRRF) Refurbishment Design Build Procurement / West Palm Beach FL. As part of the refurbishment of the Authority's NCRRF to provide for an additional 20-years of operations, assisted with the development of technical specifications required for the refurbishment of the NCRRF and vendor procurement activities related the evaluation of the Design-Build (D/B) Contractor for the Refurbishment. Assisted with the review of the D/B Contractor shop drawings and submittals and schedule preparation for the construction effort. As part of the constraints and limitations analysis for siting the new proposed 3,000 tpd WTE Facility adjacent to the Authority's NCRRF, assisted in the development of the conceptual site layouts by developing cost estimates for potential site grading options.

Town of Greenwich: Recyclable Materials Management Services / Greenwich CT. Assisted in the preparation of request for proposal (RFP) documents for the operation and

management of the residential recycling drop-off center area at the Town's Recycling Center and collection, transportation and marketing of the recyclables materials.

City of Norwalk: Solid Waste Services / Norwalk CT. Assisted in evaluation of proposals for Transfer Station Operation, Transport, and Disposal Services for Municipal Solid Waste. Responsibilities included operation & maintenance manual review and development of clarification requests to proposers.

Northeast Maryland Waste Disposal Authority: MRF Single Stream Feasibility Study / Derwood MD. Assisted in the development of a study to evaluate the feasibility and cost of converting the Montgomery County Recycling Center and its operations from dual stream to single stream recycling by adding fiber separation to the front-end of the process line. Responsibilities included throughput analysis, evaluation of alternative designs, and preparation of cost estimate for alternatives.

Solid Waste Authority of Puerto Rico: Dynamic Plan / San Juan PR. Reviewed solid waste management technology including composting, materials recovery facilities, transfer station, waste-to-energy and innovative solid waste processing technologies. Assisted in the development of the Solid Waste Processing Technology Assessment section of the Dynamic Itinerary for Solid Waste Management.

Westchester County: Solid Waste Procurement / White Plains NY. Assisted in the preparation of the Request for Proposals for Disposal of Municipal Solid Waste and negotiation assistance. Responsibilities included researching capital costs, host community fees, and property tax paid by 24 reference resource recovery facilities ranging in throughput from 200 to 3,150 tpd.

Other

Miami-Dade County FL: PortMiami Facilities Inspection / Miami, FL. Served as Project Consultant for the inspection of PortMiami Facilities in order to meet the reporting requirements of Master Bond Ordinance 88-66. Inspected PortMiami Facilities including cruise terminals, storage facilities, parking structures, and exterior areas. Responsibilities also included development of repair and replacement cost estimates for deficient assets and development of the comprehensive deficient asset database.

Air Quality Services: American Sugar Refining Company / Yonkers NY. The American Sugar Refining (ASR) refinery in Yonkers operates a gas turbine and boiler in the facility's power plant to provide electricity and steam for the plants processes. Developed the gas turbine monitoring plan for compliance with permit regulations. Developed a template for the facility to record operating parameters of the gas turbine and boiler unit and use the data to calculate monthly oxides of nitrogen NOx emissions and demonstrate compliance with the permit. Worked with the power plant supervisor to develop standard operating procedures for the startup, shutdown, and fuel transitions of the gas turbine and boiler
