## **SECTION 2 PROJECT OVERVIEW**

- 2.1 The Delray Beach Community Redevelopment Agency is interested in creating a fixed-route transportation system, in accordance with the scope of services defined herein.
- 2.2 In June 2013, the CRA of Delray Beach, Florida (CRA) began offering trolley services to transport its citizens, visitors, and business employees between the Delray Beach Tri-Rail Station and the CRA's beach, providing various trolley stops along the route. From June 2013 through January 2018, the trolley services were operated by Unique Transportation & Tours (Unique). Currently, the trolley services are operated by First Transit, and the normal schedules for the trolleys are 6:00 A.M. to 7:00 P.M. Monday through Friday and 8:00 A.M. to 6:00 P.M. on Saturday and Sunday for Route One, and 6:45 A.M. to 11:15 P.M. Monday through Friday, and 12:00 P.M. to 11:00 P.M. on Saturday and Sunday for Route Two. Both routes stop at the same designated trolley stops along/near Atlantic Avenue. A map showing the current trolley route can be found in Exhibit A. The CRA is considering limiting the number of trolley stops offered.

Both companies' responsibilities to the City include providing drivers to operate the City's trolleys and insuring the City-owned trolleys. Each of the City's trolleys are maintained and fueled by the City and hold approximately 22 persons, not including standees that could be accommodated on the trolleys. Unique's hourly rate per driver was \$36 for normal hours and \$42 for overtime hours. The option to rent a trolley from Unique was \$85 per hour. First Transit's current hourly rate per driver is \$45 for normal and overtime hours, with an option to rent a trolley for \$60 per hour, inclusive of a driver. Current trolley schedules have been adjusted to remain within the CRA's allotted annual budget.

The City currently partners with Transit App to improve mobility and help local commuters navigate the City's trolley services in real-time. The relationship with Transit App is anticipated to remain throughout the term of the fixed-route transportation services agreement.

- 2.3 The CRA intends to award an agreement for up to five (5) years with the option to renew for up to an additional five (5) years. Options to renew are subject to the CRA's and the selected Proposer's mutual acceptance of any renewal options.
- 2.4 The Recommendation of Award for this Solicitation will be to the Proposer(s) with the highest ranking/scores, or as otherwise agreed upon by the Evaluation Committee, and whom the CRA is able to negotiate an acceptable Agreement.
- 2.5 In 2020, the City will receive a grant from the South Florida Regional Transit Authority (SFRTA) in the amount of \$860,000 to purchase new vehicles. These vehicles will be used to provide fixed-route transportation services and are expected to be brought into service by November 2021.

The CRA or City will consider issuing a separate RFP for the operation of the new vehicles to be acquired by the CRA/City utilizing the grant.

26. **Do revenue hours end at the last stop?**

Yes, at the last stop.

The CRA has invested in a system in the existing trolleys to capture data of the highly utilized stops with the assistance of the current service provider in the existing Trolleys. Per RFP Section 5.1, General Information and Background, 25 minutes headways are desired.

---

29. **Is there any particular interest to make sure that the trolley schedule matches the Tri-rail schedule?**

The CRA is considering minimizing the number of stops while still ensuring efficient and effective fixed-route transportation services.

---

30. **In reference to Section 5.6.m. regarding ridership data and GPS location. What is the vision of the CRA in the long run about technology?**

The goal of the CRA is to have passenger counts (ridership data, peak and off times) and it should be up to the applicant to indicate the type of technology that will be utilized.

---

31. **In the new vehicles, would you embrace the investment of technology?**

Yes

---

32. **Special events. Are you expecting the same type of vehicle?**

---

33. **Do you have an estimate of special event hours?**

No. Refer to the City's calendar for special events that are currently scheduled:  
<https://www.mydelraybeach.com/calendar/index.php>

---

---

35. **When the route is altered, is there signage that indicates the alternate pick up spots? Is there signage to detour riders?**

The City currently posts updates on the City's official website and put notification inside the Trolleys. Additionally, Trolleys stop at every corner on the modified route.

Please refer to Section 5.6.f. of the RFP: Service Parameters for Fixed-Route Transportation Services: "Subject to CRA's prior written consent, advertising within and/or outside of vehicles may be permitted and is encouraged to off-set operational costs, if in accordance with all City ordinances, policies and procedures."

If such an event occurs during the term of the agreement, how will the agency respond for a request for increased compensation. For example, the recent Affordable Care Act legislation significantly affected the level and cost of medical coverage for employees. Since these events cannot be anticipated and the costs are so significant, we need to understand the risk associated with such laws, rules or regulations.
- Proposer's fee proposal should be based on the scope of services outlined in the RFP.
