

MERCHANTS CAN MAKE SCRAP WINDOW DISPLAY

Would some Clematis St., merchants be interested in establishing a window display of odd pieces of scrap metal during the remainder of the two weeks that the scrap drive is under way?

H. P. Myer, 326 Pioneer Pl., brought the idea to The Post-Times Saturday afternoon, along with a crimping machine which his brother-in-law, John M. Hart, same address, is donating to the scrap drive.

A crimping machine, in case the young folk don't know, is a gadget used back in the 1870's to put ruffles on dresses.

Later in the day Wilmer Dame showed up with a Confederate Army metal belt buckle which belonged to his grandfather. These two articles are available to some merchant who wants to establish such a window display showing how little-thought-of metal items can be used for the drive.

BICYCLE ORDINANCE CHANGES CONSIDERED

Registration of bicycles with the police department will not go into effect here until Oct. 1, if an ordinance now under consideration by the city commission is enacted.

Its passage was recommended by the laws and rules committee last night with two amendments, one making it effective Oct. 1 instead of Aug. 1 and another changing the registration fee from 50 to 25 cents. Only one registration would be required unless there should be a change in ownership.

Police Chief Jack Thompson asked for the ordinance as a means of curbing bicycle thefts.

The commission postponed final action in order to give opponents of the ordinance a further chance to be heard.

Much of the meeting was taken up with listening to arguments about whether there is undue noise at Little's Inn, at Pioneer Place and Dixie. John M. Hart and Bill Bergman registered complaints to the effect that the juke organ and other loud noises keeps them awake at nights.

Police Chief Jack Thompson said no other complaints have been received by the police department and Bill Avera, proprietor, assured the commission he is running a quiet, orderly place.

FUNERAL SERVICES FOR MRS. JOHN HART

Body to Be Taken to Ohio
Home After Short Service
at Local Chapel

Funeral services for Mrs. John M. Hart, of Pioneer Place, who died Friday, will be held from the Ferguson chapel at 10 o'clock this morning. The Rev. Charles W. Puxey, of the Congregational church, will officiate.

Mr. Hart will then take the body on the noon Florida East Coast train to Paynesville, Ohio, where regular services will be conducted Wednesday afternoon. Burial will be in the Hickok family lot at the Evergreen cemetery, where other members of the family are buried.

The following tribute was written by a friend:

"Aunt Madge" has said 'good-bye' and embarked on that long unknown voyage from whence no traveler returns.

"Mrs. John M. Hart of 226 Pioneer Place was thus affectionately known to her many friends that had steadily accumulated during the past 15 years that West Palm Beach had been her home.

"She spent the greater part of her life in Ohio, having been born in Paynesville in 1911. Her parents, Simeon and Eunice Hickok, were of that sturdy pioneer stock from Vermont that were so influential in developing northern Ohio in the early history of that state. Mrs. Hart is the last of her immediate family, but is survived by two nephews and two nieces in the north.

"Her chief interests always centered in her home, where her talents were ever manifest to the many friends who received inspiration and encouragement at her hospitable fireside. She had a smile and kind words for all. She was an optimist in spirit and believed in walking on the sunny side if such were at all available. It was this same spirit that brought the Harts to this favored land of sunshine and flowers, where all agree that not less than 10 extra years were added to her useful and kindly life."

COOLER IN WEST PALM BEACH

"Just tell the people who read The Post that we consider this our 'real' home now, and that we have come back from Cleveland to remain here," said John M. Hart, owner of Heartsease, 626 Poinsettia, opposite the Greystone, as he arrived yesterday. Mr. Hart and his wife have spent six seasons here, and now plan to spend the entire year here. "You may think that you have had some hot weather down here this summer with your 97 degrees; but we

in Cleveland had many a day when it was 104, with not a breath of air stirring. Here in West Palm Beach there is very seldom a day when there is not at least a little breeze, and I told the folks of Cleveland so, too. Our health has been so much better here than anywhere else we can find that this city looks good to both of us."

A. L. Culver, his son-in-law, Joe Johnson, and his nephew, Bert Hall, all of whom reside in Anapolis, Indiana, during the summer, drove up from their winter home at Delray yesterday, to learn in part of the growth of this city during the past summer.

Bodies of Former Residents Buried In Woodlawn Cemetery

Yesterday afternoon at four o'clock at Woodlawn cemetery, in charge of the Ferguson Undertaking Company, the remains of the late Benjamin F. Sooy and Mrs. Benjamin F. Sooy, formerly of this city, but late residents of Tampa, were interred. Rev. William F. Dunkle officiating.

Mr. Sooy was a native of California, to which state his father went in 1849. Mrs. Sooy was born in New York. The couple came to this state from Utah in the fall of 1912, and settled at the new town of Lake Worth, where Mr. Sooy soon established himself as an artist of high ability, and as a photographer second to none in the state. Later the couple moved to this city and for several years successfully conducted a gallery in the McGinley building. In 1916, having disposed of their interests in the gallery, Mr. and Mrs. Sooy removed to Tampa and again entered the photographic business.

Last April Mr. Sooy was in a Tampa hospital to undergo an operation, and while Mrs. Sooy was on her way to visit him she had an attack of cerebral hemorrhage, and death resulted on April 29. Interment was postponed until Mr. Sooy could be in attendance,

Uncle John liked to tatt. He was quite accomplished and made lovely lace collars and embellishments for clothing. He gave some of his work to Katharine Sternberg, who passed it on to her daughter, and in turn to her daughters. The lace is carefully preserved and loved as a family heirloom.
