## **SECTION 1: GENERAL INFORMATION**

1. Known as the “Village by the Sea,” the City of Delray Beach (City) has become a fun, festive, and one-of-a-kind oceanfront town. The City's marina provides 24 rental slips for boats from 30 feet up to 55 feet in length in a nicely landscaped environment at the Intracoastal Waterway. Marina residents are provided with an air-conditioned facility containing restrooms, showers, washer and dryer, an ice machine, and an open sitting/reading room. A pump-out station is available for the convenience of marina residents and passing boaters on the Intracoastal Waterway.
2. Boat owners are permitted to live aboard their boats. Electricity, water, telephone, and cable TV connections are provided at each slip.
3. The City Marina is located at 145 Marine Way, Delray Beach, FL 33483.
4. As a result of a many years of seasonal high tide events, The City Marina has experienced structural damage to the existing boat docks along with structural damage to the existing seawall. Furthermore, continual wave action from boat wakes through this stretch of the Intracoastal Waterway exacerbates the structural damage to the existing docks. Finally, during high tides and King Tides, the water levels in the Intracoastal Waterway has overtopped the seawalls resulting in damage to the immediate grounds and infrastructure.
5. It is envisioned that the seawall adaptation measures will allow for incremental increases in the seawall elevation to adjust to changing conditions over the design life of the infrastructure. Currently the most eminent sea level rise experts recommend planning for a three-foot rise in sea level by the end of the century.
6. The failure or neglect of a Proposer to examine the Solicitation package shall in no way relieve the Proposer of any obligation with respect to its Proposal or the requirements of the contract. No claim for additional compensation will be allowed which is based on a lack of knowledge of the requirements of this Solicitation package or the resultant contract.

The budgeted amount for the CEI services is not-to-exceed \$350,000.
2. The City will contract with a single firm whom will provide full-time Resident CEI Professional Services relating to the improvements of the City Marina.
