include the automatic granting of waivers and or adjustments to the provisions of Subsections (D) and (E) provided the intent of the sign code is maintained and the character of the community and neighborhood is not diminished.

The sign is 2.6 x 11.16 for a total of 30 SF; illuminated channel letters in red and black. Delray North Business Center Sign Program is a very basic sign program that was developed in the early 2000's that does not deviate from any other color than blue. The sign meets the size requirements set forth in the criteria but does not meet the color blue, therefore requiring board approval.

The Master Sign Program allows for the automatic granting of waivers and or adjustments to the provisions of Subsection (D) and (E) provided the intent of the sign code is maintained and the character of the community and neighborhood is not diminished. Therefore, the sign can be approved through the Master Sign Program to deviate from the approved sign color as it faces I-95 and will not be visible to any neighborhood community.

Given the review provided above, staff recommends approval of the Master Sign Program for SHARP located at Delray Business Center in Delray Park of Commerce located at 1395 NW 17th Avenue.
