April 2020

Programs | Events

Programming has moved online! Arts Warehouse has created videos to share via social media, and newsletters. Video subjects include <u>DIY Projects to complete at home</u>, <u>SEE & DO Tour video</u> with art project, studio visits with resident artists, and Exhibition gallery tours. Arts Warehouse will continue to move as much outreach to video as possible moving forward, with the goal to engage the community. These videos are also providing exposure for the artists that are featured. New videos in development and to be posted weekly. [CLICK PHOTOS FOR VIDEO LINKS]

Exhibitions

Launch of the <u>Resident Artist Virtual Gallery</u> to continue promotion and support of the Resident Studio Artists.

The interactive gallery page acts as a hub, showcasing all of the Resident Artists in one location, and their new and available works for sale. No commission will be taken by Arts Warehouse for sales made through the Resident Gallery at this time, therefore all sales go to the artist.

VISUAL VOICES featuring Ruben Ubiera and Golden
Dates Extended!

Entire exhibition is currently on the <u>Arts Warehouse website</u> for remote viewing.
