# Arts WAREHOUSE

## Programs | Events

Programming has moved online! Arts Warehouse has created videos to share via social media, and newsletters. Two new videos were released in May - A Virtual Tour for First Friday Art Walk, and a Mother's Day DIY Project.

Other video subjects include DIY Projects to complete at home, SEE & DO Tour video with art project, studio visits with resident artists, and Exhibition gallery tours. Arts Warehouse will continue to move as much outreach to video as possible moving forward, with the goal to engage the community. These videos are also providing exposure for the artists that are featured. New videos in development and to be posted weekly. Arts Warehouse continues to promote and engage via social media.
