A: City Commission Member
City of Delray Beach Staff
Other

- 6.** Q: If "other" was selected for question #6, please describe here.

A: Self Research

- 7.** Q: Why do you want to serve on this committee, board or commission?

A: I was born and raised in Delray Beach and plan on spending the next few decades living, working, and giving back in this wonderful community. I majored in art in middle and high school and have earned several national visual arts awards including National YoungArts Foundation. Today, I continue to assist the Dreyfoos School of the Arts Foundation. As I am graduating in Urban Planning at FAU this Summer, I am seeing more and more how art can enhance a street, sidewalk, or public realm. It inspires citizens and visitors in our community to interact with public space and appreciate the local journeys as well as places throughout the city. Public art provides an additional positive opportunity to make an impression on people's lives and long lasting memories associated with the Village by the Sea.

- 8.** Q: What unique abilities/skillset/perspective would you bring if selected?

A: I believe the Public Art Advisory Board and team would welcome my due diligence and thoroughness applied to each task I set out to help with. I dive into projects ready to dedicate effort to the best of my ability for the greater good. I understand and embrace the need for offering an abundance of time to small and large tasks alike to produce the desired goal; a mission I recently helped the FAU CARD (Center for Autism and Related Disabilities) Board accomplish by joining the board a couple of years ago and donating countless hours per month. FAU CARD invited me to join the Board as the first student ever amongst corporate executives and regional administrators because they recognized my dedication to reach common goals for the good of the community and the 5,400 autistic families. I plan on applying the decision making skills improved from working with the FAU CARD team and my experience from working in the community to the Delray Beach Public Art Advisory Board. My family has owned a local business for 35 years and I learned to work hard and serve my community at a very young age and the importance of local community involvement. I apply that to my volunteer work with numerous local nonprofits. I believe Public Art can promote the social equity and equality within neighborhoods and CRA districts similarly to Community Greening's mission to balance the canopy of neighborhoods. I enjoy working with Community Greening to increase natural installations. As an artist, I won a national Scholastic gold key for a 4 year self sufficient butterfly garden I installed at the Dreyfoos campus. I created the Dreyfoos Environmental club to maintain the interactive outdoor seating and garden after I graduated and still revisit to check on it. In 2017 and 2019 I helped West Palm Beach's city planner Heather Danforth, city team, and Dreyfoos School of the Arts paint the intersection by Tri-Rail for pedestrian safety and to use the public space as a canvas to showcase the locality's personality. I also recognized this amazing street painting idea illustrated in The Set's Transformation Plan on page 103 and 117 for West Atlantic Avenue. I assisted on the West Palm Jefferson Terminal District and warehouse district revitalization plan that included several public art implementation recommendations. As an artist, I created 6' steamrolled printed that lined the streets of Clematis during Holiday season; this project generated a lot of interest for the area and brought a lot of people to the Sand and Sea celebrations. I appreciate and closely follow the public art installations by the City of Boynton Beach and at their new city hall: Public Kinetic Art has many community benefits. I love collaborating with muralists and documenting the process of recent new Downtown Delray Beach murals. I appreciate my ability to see the potential of an underutilized or restored site and balancing the land use with human interaction. Because I plan on keeping Delray my

home for the rest of my life, it would be a pleasure to represent my generation and bring fresh knowledgeable input to enhance public space through the Public Art Advisory Board. My Urban Planning education and learning experiences with the Delray Development Services have only served to enhance my appreciation and extreme enthusiasm for the history of the community.

- 9.** Q: Please describe your understanding of the functions and capacity of the board(s), committee(s), or commission to which you are applying?

A: The Public Art Advisory Board helps with supporting recommendations for City Commission decisions regarding implementing art installations within public spaces while respecting the City's budget for capital projects. I understand the importance of evaluating policy and implementation for projects that can relate to temporary, permanent, and educational site-specific installations. Following in the footsteps of the functional chair art and Veteran's Park fountain, I am prepared to contribute new inspiration to the mission of the Advisory Board and attend meetings on the fourth Monday of each month at 6:00 p.m. as well as any workshops, site meetings, or team discussions. I am prepared to collaborate with City Staff to maximize the efforts of the Board. I hope to volunteer my time and experience to give back to my community through this position.

- 10.** Q: Have you ever attended a meeting of the board or committee for which you are applying?

A: No

- 11.** Q: I understand that by applying to this committee, board, commission, or authority, I am offering a reasonable portion of my time to the City of Delray Beach and the requirements that accompany this position, including, but not limited to, routine meetings, hearings and responsiveness to the public.

A: Yes, I understand
