RE: Justification Statement

To Whom it May Concern,

7- Eleven is one of the largest food, fuel and service franchises in the United States. We are currently looking for approval on our signage

As sign professionals who have been in this industry for over 35 years, we feel that this Wall sign is considered more of an architectural feature and is a favorite among employees and customers alike. This particular sign will shall not adversely affect the neighboring area nor will significantly diminish the provision of public facilities.

Granting this waiver hall not create an unsafe situation; And does not result in the grant of a special privilege in that the same waiver would be granted under similar circumstances on other property for another applicant or owner.

A considerable benefit of having this Sign is that it brings atmospheric beautification to an already appealing shopping center.

Respectfully

Joe Adinolfe
