☐ This document is not approved as to form and legal sufficiency for the following reason(s):

### **Notes:**

Due to the adoption of Fla. Stat. 403.706(22)(a), Solid Waste Authority of Palm Beach County is requiring new ILAs to comply with new requirements. Collector of recyclable material is responsible for determining if contaminated recyclable material is present and, if present, notify the resident or business that material was not properly sorted. City or private collector are responsible for contacting residents or businesses which repeatedly improperly sort materials. When contaminated recyclable material is delivered to County, City or private collector will be charged actual disposal costs. If this occurs more than two times a month County may elect to monitor route for proper sorting. Agreement is good from execution until the following Sept. 30 with automatic renewals annually for one year periods.

s/William M. Bennett, Esq.  
Assistant City Attorney
