ORDINANCE NO. 01-16 - 102 SW 12TH AVENUE, LOCAL REGISTER OF HISTORIC PLACES DESIGNATION

Recommended Action:

Motion to approve on the first reading of Ordinance No. 01-16 that the property located at 102 SW 12th Avenue be listed on the local register of Historic Places as "Ridley Temple Church of God in Christ, Inc.", by adopting the findings of fact and law contained in the staff report, and findings that the request and approval thereof is consistent with the Comprehensive Plan and Sections 4.5.1(B) and 4.5.1(C) of the Land Development Regulations.

Background:

The subject property is located at 102 SW 12th Avenue at the SW corner of SW 1st Street and SW 12th Avenue. The property contains a significant example of masonry vernacular religious architecture in the Atlantic Park Gardens Neighborhood of Delray Beach, Florida. The property is zoned RM, multiple family residential (medium density). The subject property that the church owns consists of three lots, the building lot measures 57' x 138', the adjacent lot to the south measures 50' x 138' and the lot behind the church fronting SW 13th Avenue measures 57' x 138'.

To qualify as a historic structure, individual properties, structures, sites, or buildings must have significant character, interest, or value as part of the historical, cultural, aesthetic, and architectural

heritage of the city, state, or nation. To qualify as a historic site, historic district, or historic structure, the property or properties must fulfill one or more of the criteria in LDR Section 4.5.1(B), Criteria for Designation of Historic Sites or Districts. The subject structure meets the following criteria, detailed in the staff report attached:

(B)(2) Historical or cultural significance:

- (d) Exemplifies the historical, political, cultural, economic, or social trends of the community in history;

(B)(3) Architectural or aesthetic significance:

- (a) Portrays the environment in an era of history characterized by one or more distinctive architectural styles;
- (b) Embodies those distinguishing characteristics of an architectural style, period, or method of construction;
- (d) Contains elements of design, detail, material, or craftsmanship of outstanding quality or which represented, in its time, a significant innovation or adaptation to the South Florida environment.

The unique architectural design and presence of this two-story masonry vernacular style emanating from the 1940's-1950's is significant to the Atlantic Park Gardens community and Delray Beach for the its design, detail, material, and craftsmanship. The request meets the criteria set forth in LDR Section 4.5.1 which provides for the designation of "historically significant buildings."
