### **Background:**

At the July 25, 2023, CRA Board meeting, the Board authorized staff to issue a Request for Qualifications (RFQ) for Architectural Services and Landscape Architectural Services on a Continuing Contract basis.

The purpose of issuing the RFQ for Architectural Services and Landscape Architectural Services was to solicit qualified professional architectural and landscape architectural firms and consultants to provide services ranging from pre-design through construction close-out on a continuing contract basis for various CRA-managed projects.

Pursuant to Florida Statute Section 287.055 (Consultants' Competitive Negotiation Act), continuing contracts for professional architectural and landscape architectural services may be utilized by a public agency for projects where the total construction cost for an individual project does not exceed \$4 million, for study activities where the fee for an individual study does not exceed \$500,000, or "for a work of a specified nature as outlined in the contract...with the contract being for a fixed term or with no time limitation except that the contract must provide a termination clause."

The RFQ was issued on November 6, 2023, and had an extended Proposal Submission Due Date of January 3, 2024.

There were nineteen (19) Proposers who submitted a timely Proposal; twelve (12) Proposers submitted for Professional Architectural Services and seven (7) Proposers submitted for Professional Landscape Architectural Services.

On January 25, 2024, the Evaluation Committee met and consisted of two (2) CRA staff members and one (1) City of Delray Beach staff member. Of the nineteen (19) Proposals that were timely submitted, eighteen (18) Proposals were deemed responsive. Proposals are available for review upon request.
