Utilizing a competitive bid solicitation, Martin County awarded a three year contract to Aquifer Maintenance & Performance Systems, Inc. (AMPS) on July 23, 2012, RFB2012-2540, which included two additional one year renewal options. Martin County has exercised the renewal option; the

contract is active through July 22, 2016. Utilizing the Martin County contract cost, the estimated cost to rehabilitate seven (7) wells is \$125,300 (7 wells at \$17,900 per well). This purchase is in accordance with the Code of Ordinances, Chapter 36, Section 36.02 (C)(7)(a), "Utilization of Other Governmental Entities' Contracts".
