AMENDMENT TO THE AGREEMENT WITH INNOVATIVE METERING SOLUTIONS, INC. FOR AS-NEEDED PURCHASES OF WATER METERS FOR "ON HAND" INVENTORY FOR THE CENTRAL WAREHOUSE FOR NEW CONNECTIONS AND REPLACING BROKEN METERS NOT COVERED BY WARRANTY

### **Recommended Action:**

Motion to Approve an amendment to the Agreement with Innovative Metering Solutions, Inc. to purchase water meters for "on hand" inventory in the City's Central Warehouse to be used for establishing new connections (potable and reclaimed) and replacing broken meters not covered by warranty in a not-to-exceed amount of \$195,000.

### **Background:**

On January 15, 2013, City Commission awarded a multi-year water meter agreement to Innovative Metering Solutions, Inc. for the Water Meter Replacement Project (Bid 2013-17). The Agreement is valid through February 2018. In order to take advantage of the volume price discounts obtained through the Bid, staff is requesting an amendment to the Agreement approving as-needed purchases for inventory for the City Central Warehouse in a not-to-amount \$195,000 for a total not-to-exceed spend of \$5,631,464.70 for the Agreement term through February 2018. The prior years' purchases for meters for Warehouse inventory are follows. The FY17 spend for Warehouse inventory is estimated based upon FY17 YTD actual spend of \$27,800, projected expenditure for potable meters of \$82,500 through end of FY17, plus an additional \$35,000 for Area 12B reclaimed meter

connections. The FY 18 spend for Warehouse inventory through February 2018 is estimated based upon history.

FY14 - \$189,600

FY15 - \$20,100

FY16 - \$62,800

FY17 - \$145,500 (estimated)

FY 18 October - February - \$40,000 (estimated)

This recommendation complies with the City Code of Ordinances, Chapter 36, Section 36.06(A)(1), "*Beyond the Scope of Work*".
