We are recommending the purchase of the following two pieces of equipment:

A. Toro Multi-Pro 5800 Sprayer at a cost of \$46,670.57 to be used for fertilizer, herbicide and

chemical applications. This computerized sprayer will improve accuracy when applying all products.

- B. Toro Greensmaster 3150 at a cost of \$29,008.01 to replace our current greensmower which has over 3,000 hours and is 13 years old. The new greensmower will give us a better quality cut for improved playing conditions.
