REPORT ON RESULTS OF ANDREWS AVENUE COMPLETE STREETS IMPROVEMENTS SURVEY AND RECEIVE DIRECTION FROM COMMISSION ON PROJECT SCOPE AND APPLICATION FOR PALM BEACH COUNTY TRANSPORTATION PLANNING AGENCY GRANT APPLICATION

Recommended Action:

Receive presentation on results of the online survey concerning support for public safety improvements on Andrews Avenue and provide direction to City staff on both the scope of the project and approve direction concerning application for a Palm Beach County Transportation Planning Agency (TPA) Transportation Alternatives (TA) Grant for the project, if approved to move forward.

Background:

Following constituent request, Public Works Staff was directed to investigate the potential for placement of sidewalks and bicycle paths along Andrews Avenue due to concerns about public safety and large numbers of residents required to walk in the roadway. The FY22-23 Capital Improvements Program budget has \$125,683 approved from Gas Tax proceeds to perform a preliminary design / study, which includes determination of the extent of available public right of way to house the public safety improvements. The estimated cost of the total improvements over a 5-year period (estimated based on FY22 market values) is at just under \$3.3 million, which exceeds the available annual funding from the Gas Tax proceeds. In order to secure adequate funding for the project, City staff determined that the project qualifies for a competitive grant for the TA through the TPA. A recommended prerequisite of this grant program is that a pre-application survey be completed

indicating a majority of the community favors the project. The survey results will be presented for Commission consideration and further direction on how to proceed with the proposed project.

City Attorney Review:

N/A

Funding Source/Financial Impact:

Funding for preliminary design/study is provided in FY22/23 Capital Improvement Program budget in Fund 120 Gas Tax. Future year funding is dependent on Commission direction on project scope and grant opportunities.

Timing of Request:

A decision on whether to proceed with TPA Grant application is required in order to meet the deadline.
