Amendment to the Code of Ordinances Relating to General Employee Retirement Plan to Comply with State and Federal Law

Recommended Action:

Motion to approve Ordinance No. 45-17.

Background:

This proposed ordinance seeks to amend portions of Chapter 35 "Employee Policies and Benefits" related to the City's General Employee Pension plan to make the City's code consistent with recent changes to state and federal law and to clean up some inconsistencies in the existing language. At its quarterly meeting held on August 17, 2017, the General Employee Pension retirement committee reviewed the changes and moved to recommend adoption of the ordinance.

City Attorney approves this item as to form and legal sufficiency.
